

How many banks have a bake sale?

At Friend Bank, we believe in bake sales. And car washes. And fundraisers. We believe in them so much that we have created a specific place at our bank for groups to have them. We call it our *Friend Helping Friends Pavilion*. We want to do everything we can to be a friend to our customers and to the community. So along with the work we do in our community, we help others do what they can do. Give us a call the next time your organization needs a place to make your impact. Friends helping friends. That's what friends are for. And quite frankly, we believe that's what banks are for.

Please join us for our ribbon-cutting ceremony. Tuesday, November 10 at 10 a.m. Along with our ribbon cutting, we'll also be honoring our deployed soldiers with a Color Guard and with the gathering of care package items (prepaid phone cards, individually-wrapped hard candy, beef jerky, individually-wrapped cookies or crackers, and postage stamps). Join us for refreshments and this very special day.
